

Drainage Statement

APPLICATION REFERENCE	92.73914.FUL
SITE	22 Market Lane, Bessacarr, Doncaster, ZZ29 6EP

FLOOD AND DRAINAGE CONTEXT

This note records indicative flood-risk and drainage considerations for the application site.

It is not based on real hydraulic modelling, real asset records or Environment Agency mapping.

PROPOSED DRAINAGE MEASURES

Surface water is shown as retained within the site using permeable surfacing, soakaway features or a controlled drainage route where appropriate.

Finished levels, exceedance routing and maintenance responsibilities should be coordinated with the drawings.
