DOCUMENT TYPE	Consultation response

CONSULTATION RESPONSE

Consultee: Highways. Application reference: FAKE/2026/0848/FUL. Site: 27 Birch Avenue, Brookmere, North Doncaster, ZZ52 1JK.

This response is fictional and does not represent the view of any real statutory consultee, parish council, town council, service area or public body.

COMMENTS

The revised frontage plan shows two domestic parking spaces on a permeable or drainable surface. Vehicle standing depth is shown clear of the public footway and the existing access position is retained.

The dormer conversion and rear extension would not materially change the residential traffic pattern. Construction traffic should be managed within normal domestic building practice.

No additional highway drawing is requested for this synthetic consultation response.

RECOMMENDED NOTES

Any standard informatives should be proportionate to the scale of the proposal. Separate consents may be required for building regulations, highway works, drainage connections or works affecting third-party land.
