

Public Representation

APPLICATION REFERENCE	FAKE/2026/0848/FUL
SITE	27 Birch Avenue, Brookmere, North Doncaster, ZZ52 1JK
DOCUMENT TYPE	Representation

REPRESENTATION

Name and address: Withheld. This synthetic representation is generated without personal data and should not be treated as an actual neighbour comment.

The writer asks that the planning authority considers privacy from the rear dormer, construction traffic and the relationship with shared side boundaries. The comments are framed in general terms and do not identify any real person or property.

ISSUES RAISED

The writer asks for clarity that the upper rear opening is a flush Juliet guard only and does not include an external balcony platform.

The writer asks that any side-facing rooflights remain obscure glazed or high-level and that working hours remain reasonable during the domestic build.

The representation does not provide technical highway, drainage, heritage or flood-risk evidence.
