### CONSULTATION RESPONSE

Consultee: Safer Roads. Application reference: FAKE/2026/0980/FUL. Site: 35 Kingsway Road, Rossmere, North Doncaster, ZZ85 2QR.

This response is fictional and does not represent the view of any real statutory consultee, parish council, town council, service area or public body.

### COMMENTS

The safer roads consultee has reviewed the proposed access arrangement in relation to visibility, road speed and pedestrian movement.

The crossing should be formed to the highway authority's specification and should not result in vehicles overhanging the public footway.

The revised drawing marks the driveway depth, dropped kerb width, pedestrian route and frontage drainage strip for synthetic assessment purposes.

### RECOMMENDED NOTES

Any standard informatives should be proportionate to the scale of the proposal. Separate consents may be required for building regulations, highway works, drainage connections or works affecting third-party land.
