The application is for the change of use from taxi office (class (e)(iii)) to Indian takeaway (sui generis) on 60 Ash Grove, Balby, Doncaster, ZZ17 0TB. The attached PDF '96.74218.COU Site Plan' shows that there are no external works at the site that would impact the existing parking area to the front of the unit. As no external changes are proposed, my assessment would come down to the local plan allocation requirements for the change of use for the site. There is no specific local plan requirement for the taxi office use, a full assessment for the use of a Hot Food Takeaway would yield a similar level of use to the existing site. I am of the opinion that the change of use would not have a negative / adverse impact on the existing highway network, due to the scale and location of the site in question. As the parking is unchanged and the allocation deemed to be a similar level, I would be happy to support the application without the need for conditions or informatives. If you need any more information please get in touch. Kind Regards <redacted_name> <redacted_name> Senior Highway Development Control Technician
