### CONSULTATION RESPONSE

Consultee: Design & Conservation. Application reference: FAKE/2026/1371/FUL. Site: 4 Foundry Court, Bessmere, South Donshire, ZZ31 4LX.

This response is fictional and does not represent the view of any real statutory consultee, parish council, service area, drainage body or public authority.

### COMMENTS

The proposal has been reviewed in relation to the fictional conservation frontage and the visual relationship between the car port, garage, dwelling and mature garden edge.

The pitched roof, exposed timber frame and forward driveway position would introduce a visually prominent domestic structure into a sensitive side-frontage gap. The drawings do not show the structure as clearly subordinate to the garage or host dwelling.

The conservation adviser raises an objection because the submitted scale, siting and detailing would fail to preserve or enhance the character and appearance of the conservation-area setting.

### OUTSTANDING MATTERS

The matters above would require materially revised drawings or additional technical evidence before the consultee position could change.

This is a fictional consultation response for assessment use only.
