Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also

need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

You can use our partner's free online tool to determine if you are exempt and to produce detailed reasons

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Note: Please read the help text for further information why developments may be exempt or not in scope.
