DOCUMENT TYPE	Consultation response

CONSULTATION RESPONSE

Consultee: Drainage. Application reference: FAKE/2026/1514/FUL. Site: The Willows, Mill Dyke Lane, West Thorne, South Donshire, ZZ68 3QT.

This response is fictional and does not represent the view of any real statutory consultee, parish council, service area, drainage body or public authority.

COMMENTS

The site drawing identifies a drainage channel stand-off, permeable surfacing and a domestic surface-water route within the plot.

Finished floor levels, flood-resilient detailing and exceedance routes should be coordinated with the plan notes.

No live drainage-board asset data, addresses or correspondence are reproduced in this synthetic response.

RECOMMENDED NOTES

Any standard informatives should be proportionate to the scale of the proposal. Separate consents may be required for building regulations, highway works, drainage connections, tree works or works affecting third-party land.
