DOCUMENT TYPE	Consultation response

CONSULTATION RESPONSE

Consultee: Highways. Application reference: FAKE/2026/1514/FUL. Site: The Willows, Mill Dyke Lane, West Thorne, South Donshire, ZZ68 3QT.

This response is fictional and does not represent the view of any real statutory consultee, parish council, service area, drainage body or public authority.

COMMENTS

The access and egress drawing shows a widened domestic access, internal turning head and a swept path for a small car. Dimensions remain indicative and should be checked against the highway boundary.

The frontage layout should keep waiting vehicles clear of the carriageway and avoid surface water discharging toward the public route.

Construction deliveries should use the driveway area where possible and avoid blocking the lane near the drainage infrastructure.

RECOMMENDED NOTES

Any standard informatives should be proportionate to the scale of the proposal. Separate consents may be required for building regulations, highway works, drainage connections, tree works or works affecting third-party land.
