COMMENTS

Construction activity should be managed to limit dust, noise and storage impacts on nearby residential occupiers.

Plant, skips and burning of waste are not shown as part of the submitted domestic scheme.

Standard working-hour and waste-management notes would be proportionate to this fictional householder development.

RECOMMENDED NOTES

Any standard informatives should be proportionate to the scale of the proposal. Separate consents may be required for building regulations, highway works, drainage connections, tree works or works affecting third-party land.
