DOCUMENT TYPE	Consultation response

CONSULTATION RESPONSE

Consultee: Tree Officer. Application reference: FAKE/2026/1514/FUL. Site: The Willows, Mill Dyke Lane, West Thorne, South Donshire, ZZ68 3QT.

This response is fictional and does not represent the view of any real statutory consultee, parish council, service area, drainage body or public authority.

COMMENTS

The drawings identify trees close to the works area and show an indicative root-protection zone. Protective fencing should be installed before excavation or material storage begins.

The submitted tree notes should distinguish retained trees, pruning works, no-dig construction zones and any replacement planting proposed within the domestic garden.

Tree positions are fictional and are provided only to create realistic assessment material.

RECOMMENDED NOTES

Any standard informatives should be proportionate to the scale of the proposal. Separate consents may be required for building regulations, highway works, drainage connections, tree works or works affecting third-party land.
